

## **DIRECTOR'S UPDATE**

### **MARCH, APRIL, MAY AND JUNE 2019**

Spring is in the air with many changes, not only in our weather, (San Diego finally had "weather") but our surroundings, as well. The children are making tremendous strides in change. The changes in growth are most evident in all the children. I find it so fascinating each and every year to observe the physical transformations and cognitive development in our preschoolers. The extra clothing the children brought to store in their cubbies back in the fall, no longer fit them in the spring. Our 2's classes delight in visiting the larger playground, finding out they can finally reach and climb to greater heights, which was virtually impossible back in September. Pushing on peddles of a trike has miraculously become easier and for some, finally possible. Those shorter legs that have finally lengthened and strengthened can now push, hop, skip and jump to a preschool child's amazement and sheer excitement! The last four months of school as you can see, are very busy and it keeps our school active and fun to the very end!

-Connie Cleland, Director

**2/25**-Pre-Registration

**3/4**-Deadline for Registration, Chapel, KPPA meet

**3/5**-Open Registration begins

**3/5, 6, 19, 20**-Munchkin Music
