

Enrique Dudley has served as a youth leader at KCC since 2012. He has worked with youth for many years. At a young age, he operated as a Taekwondo instructor for Wilson Middle School's 6 to 6 program and years later transitioned into working with the youth of Kensington Community Church.

A lifelong San Diego native, Enrique graduated from San Diego State University with a degree in Kinesiology. He has since pursued a career as a personal trainer and also attends to administrative and bookkeeping duties at Smitty's Service, his family's auto shop on Adams Ave.

When not counting reps, cutting checks, or hanging with the KCC youth group he can be seen enjoying the San Diego surroundings. He enjoys off-roading, hikes with his girlfriend, cooking, and restoring his great-grandfather's historical home.
