

My name is Adriana DiCarlo and I feel honored to have been selected as the new Preschool Director of Kensington Community Preschool.

For the last 30 years I have worked as a Preschool through Kindergarten Teacher and as a Preschool Director, both in Montessori as well as traditional programs. I have also taught Spanish to Kindergarten through 8th grade students and I'm a Certified Spanish Interpreter. I consider myself lucky to have chosen a career in education, and even after all these years, children continue to amaze me.

I am excited to have the opportunity to be part of your child's growth and education and I look forward to a bright future with KPS and the entire community.
